## Discussion Essays

### INTRODUCTION

1. People have different views about N. While I accept that S + V, I personally think that S + V.
2. There are various opinions regarding N. While it is true that S + V, it is my opinion that S + V.
3. When it comes to N, opinions are divided. While I can understand the argument that S + V, I personally think that S + V.

### BODY 1

There are a few reasons why S + V. / On the one hand, it can be argued that S + V.

*F: The main reason for this view is that S + V.*

- If S + V, S + V.
- For example, S + V. This means that/ This is to show that S + V.

*S: Another reason is that S + V.*

- To be more specific, S + V.

### BODY 2

On the other hand, there are even more convincing arguments in favor of / in support of the view that S + V. / However, I strongly believe that S + V.

*F: To begin with, S + V.*

- An example for this is that S + V.
- If S + V, S + V.

*S: In addition, S + V.*

- In detail, S + V.

### CONCLUSION

In conclusion, I am better convinced of the latter point. It is my opinion that S + V.
